

Capacitor (0.1 F)

EM-8655

About the Product

This capacitor is used as an auxiliary accessory with the EM-8624A Castle Kit and the EM-8654 Economy Castle Kit. The capacitor is a 0.1 F, 10 V, bi-polar electrolytic capacitor. Two screws are included that are to be installed in the screw terminals of the capacitor.

Before First Use

Before using the capacitor for the first time, install the included screws in each terminal. Use a screwdriver to tighten the screw.
